Create Lobstr Account

- Follow the prompts in the app to sign up and verify your email.
- Select “Create Stellar Wallet” — your shares are on Stellar!
- You will be shown a 12-word backup code. **This is very important.**

Think of your recovery phrase as your stock certificate. While you can replace it in case of loss or theft, it's easiest to keep it safe. **Write your phrase down on paper only** and store it somewhere secure. Never share it with anyone.

- Please note that you do not need to buy Stellar Lumens.
- Click the ☰ icon in the top left and press “Receive”
- Select Stellar address, and copy your Stellar address.

Connect Lobstr to Block Transfer

- Fill out the brief form at this link: [Connect Lobstr to Block Transfer](#)
- Upon submission, you will receive a page to verify your identity for account security.
- After ID verification, we will email you a document to sign, verifying your organization.
